## Red Tiger's Eye

### Red Tiger's Eye Gemstone meaning

Red Tiger's Eye is a stimulating stone that is said to increase motivation and to help overcome lethargy.

All Tiger's Eye crystals are stones of protection and were traditionally carried to protect against curses and ill wishes.

Tiger's Eye is said to promote a positive attitude and to increase feelings of self-worth. It is believed to help you to discover, and have confidence in, your own abilities helping to enhance your personal power and self-confidence.

Tiger's Eye is also said to bring good luck and prosperity.
